

# E3000 Cash Drawer

## High Capacity Cash Drawer for Retail Verticals

### Standard Solution

The E3000 has been designed to withstand the most hostile of retail environments thanks to its heavy duty design, delivering a prolonged operational life. The E3000 is suitable for use in many retail verticals including Food, C-Stores, QSR, Hospitality, Specialty, Pharmacy and Petrol Forecourts.

The E3000, with its ergonomic design and generously sized coin compartments, allows cashiers to give change faster, and with a weighable coin cup accessory kit, makes coin counting easy resulting in improved productivity.

A heavy duty robust steel construction, the E3000 features a bolt down facility in the base for safe attachment to the counter to prevent tilting.

#### Ergonomically Friendly

The ergonomic design with high capacity note & coin cup compartments helps cashiers to dispense change faster.

#### Insert Adaptability

The 8 coin, 5 note insert accepts Euros, Sterling, Canadian, Australian, New Zealand & Singapore dollars, Swedish Krona and South African Rand.

#### Additional Media Storage

Two 120mm (4.7 inches) wide media slots enable posting high value notes, vouchers and receipts under the insert into a generous storage area.

#### Robust Steel Construction

Heavy duty steel ball bearing runners and spring ejection is the key to durability, tested to over one million cycles.
