

Curvi

Stylish, compact & convenient

Cash Bases, with over 30 years of expertise, constantly strives to create new ideas and introduce innovative cash drawer solutions for the next generation of retailers. The new Curvi cash drawer is Cash Bases' latest range of cash drawer that features a new modern look with curved edges for retailers who value design and know that image does matter. Special features include multiple USB sockets enabling staff and customers to charge their mobile devices at the heart of the PoS simply and conveniently while on the go. The Curvi is the perfect platform for ultra-small EPoS systems, iPads or tablets, and combined with Cash Bases latest intelligent interface (UMI), it is not only a stylish and compact cash drawer but one that boasts the latest technology making it a truly unique design.

FEATURES

- Robust steel construction combined with a fresh, contemporary look
- Steel ball bearing runners
- Removable metal insert with good coin and note capacity
- 8 vertical note storage with floppy note dividers
- 8 coin compartments with weighable coin cups
- Removable coin cup tray
